

SUNSTAR CHAIRS

PUBLIC SEATING MADE EASY

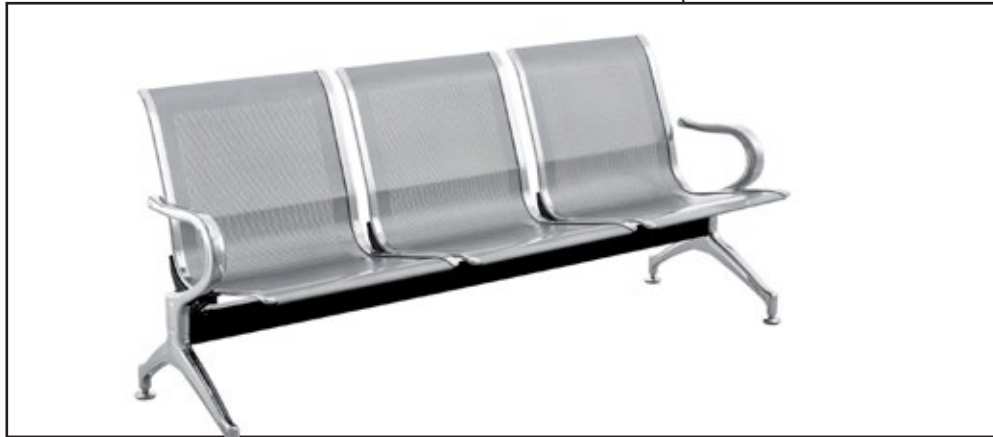

Sunstar Chairs is India's one of the leading seating importer and supplier, providing comprehensive public seating solutions and services. At Sunstar Chairs , we offer a wide selection of waiting chairs for various applications like Airport Area, Bus Station, Railway Station, Hospitals, Clinics, Schools, Colleges etc.

Due to a high level of focus on Quality of each component and delivering a honest product to the customer our products enjoy high reputation all round The country. We provide chairs that are high on performance, ergonomically designed, exceptionally comfortable, durable and economically priced. This is what sets us apart from our competitors and keeps our customers coming back to Sunstar.

Airports, bus stations, train stations, hospitals and other waiting spaces serve hundreds and thousands of people every day, which makes durability, safety and ease of maintenance the most challenging aspect for providing feasible seating in these areas. We offer waiting chairs designed and developed using higher quality of perforated steel, aluminum and stainless steel to ensure extraordinary durability and improved safety. These chairs are easy to clean and maintain.

Waiting need not be always an unbearable phenomenon, for those who are concerned about comfort during waiting, we have premium selections of styles and models with upholstered cushion, wood and exclusive molded PU padding for your premises on made-to-order basis.
